## PENTOSIN MERCEDES-BENZ ACTIVE BODY CONTROL SERVICE KIT

Data available through [Activant/Epicor](#), [WHI](#), or [ShowMeTheParts.com](#)

Clean hydraulic fluid is important for the long term durability of the ABC system. The Active Body Control (ABC) can compensate within milliseconds to the rolling and pitching movements of the body when starting, braking and cornering. Completing the recommended interval changes at 50,000 miles can extend the longevity of your car and improve its performance. CRP Automotive has created a kit designed specifically for this service using both Pentosin OE approved fluid (CHF 11S) and the Mercedes OE filter. Pentosin CHF 11S fluid is synthetic high performance hydraulic fluid with 12 million VIO in North America.

### PENTOSIN KIT# 1405216-KIT INCLUDES:

Contents	OE Part#	Qty.
Pentosin CHF 11S (1L)	Q1320001	10
OE Filter	003-184-61-01	1
