REIN COOLANT HOSE METAL CONNECTOR FOR BMW

Data available through Activant/Epicor, WHI, or ShowMeTheParts.com

CRP Part No. CHC0609

Rein Automotive, brought to you by CRP Automotive, now offers a metal connector for thermostat to cylinder head hoses on popular BMW applications. The original connector is made of plastic that can become brittle and leak resulting in a limited service life of the hose. Rein's upgraded metal connector is a more resilient alternative that will increase the service life of the thermostat hose. This offering comes complete with the needed clamp for installation.
