## **REIN ACTIVE BODY CONTROL HYDRAULIC HOSE & LINE ASSEMBLIES**

*Data available through Activant/Epicor, WHI, or [ShowMeTheParts.com](http://ShowMeTheParts.com)*

Rein Automotive Active Body Control (ABC) Hydraulic Suspension Hose and Line Assemblies for popular Mercedes-Benz models offer professional repair technicians an OE-quality replacement solution. The hose assemblies are built with OE rubber compound hose and zinc alloy coated OE carbon steel tubing and end fittings. Joining the hose and tubing sections of the assembly are OE hose crimp ends, bracket(s), and sealing hardware, all as specified by the OE manufacturer. Since the life expectancy of the Active Body Control (ABC) system is highly dependent on the condition of the circulating hydraulic fluid, the hydraulic fluid should be changed regularly. CRP Automotive highly recommends using the OE or Pentosin CHF 11S power steering fluid for this service.

**CRP Part No. SCG0405**

### **FEATURES & BENEFITS:**

- Pre-assembled and direct-fitting hydraulic ABC line assembly
- Hose assemblies made with OE rubber compound
- OE zinc alloy coated hose crimp ends, tubing, and end fittings
- Includes OE mounting bracket(s) and sealing hardware, when required
