PENTOSIN ATF 134 FE PLUS AUTOMATIC TRANSMISSION FLUID

Data available through Activant/Epicor, WHI, or ShowMeTheParts.com

CRP Automotive now offers **new** Pentosin ATF 134 FE PLUS automatic transmission fluid (CRP Part Nos. 1090117 1L / 1090216 5L) for the latest generation Mercedes 9-speed transmissions 2017 and on (Spec. MB 236.17). Pentosin ATF 134 FE PLUS is a **first-to-market**, premium performance ATF specially developed to further optimize fuel-economy and gearbox efficiency of these vehicles. The extremely low viscosity of Pentosin ATF 134 FE PLUS offers an enormous potential for fuel savings and very good low-temperature properties. This product also features low oil consumption and optimized friction coefficient stability. ATF 134 FE PLUS is the newest extension of the popular Pentosin ATF 134 MB 7-speed transmission fluids.

CRP Part No. 1090117 (1L)

CRP Part No. 1090216 (5L)

FEATURES & BENEFITS:

- First-to-market, premium performance ATF
- Exceptional fuel economy
- Low oil consumption
- Optimized friction stability over life for extended oil change intervals
- Excellent wear protection even under high load
- Over 1.5 million total VIO (US and Canada)
