HIGH-QUALITY RE-ENGINEERED POWER STEERING PUMPS FOR DOMESTIC VEHICLES **DESIGNED TO BE BETTER THAN OE.**

7007N Ford/Mercury

NEW RE-ENGINEERED POWER STEERING PUMP

- For wide range of Ford and Mercury vehicles
- Your solution to an OE design that is prone to noise and excess wear
- Modern cam pack design exceeds original OE specifications
- 2 Year / 24,000 mile warranty
- All parts are quality tested in the USA
- **This product is sold new, saving the hassle of returning the old part**

This pump is re-engineered to modernize an old design prone to noise and excess wear. The inefficient centripetal-style cam pack has been updated with a modern centrifugal vane-style cam pack.
