

WARRANTY POLICY AND PROCEDURES

CRP Industries warrants that steering products (remanufactured or new) sold by it, are free from defects in material and/or workmanship under normal use for a period commencing upon the date of purchase and continuing:

- Rack & Pinions (New or Remanufactured) are covered for 2 years / 24,000 miles.
- Power Steering Pumps (New or Remanufactured) are covered for 2 years / 24,000 miles.
- Steering Columns (New or Remanufactured) are covered for 2 years / 24,000 miles.
- Steering Gear Boxes are covered for 2 years / 24,000 miles.

This Limited Warranty does not cover defects or damage (i) due to failure to use the products for its intended purpose, (ii) resulting from accident, misuse, abuse, neglect, unauthorized alteration, or (iii) because the products were not installed and maintained in accordance with instructions. Any modification or corrective maintenance performed by anyone other than CRP Industries, without written authorization from CRP Industries, shall void the warranty.

CRP Industries will repair at its factory or replace, at its sole option, without charge any products upon (i) written notification concerning the claimed defect, including the date purchased and the problem encountered and (ii) when CRP Industries inspection discloses any such defects. All products to be repaired or replaced may only be returned to CRP Industries, Tabor City, NC, within the warranty period in the event a RMA has been obtained from CRP Industries.
