

STEERING SPECIALISTS

HIGH-QUALITY RE-ENGINEERED POWER STEERING PUMPS FOR IMPORT VEHICLES DESIGNED TO BE BETTER THAN OE.

5712N BMW 3-Series

NEW RE-ENGINEERED POWER STEERING PUMP

- For BMW 3 Series 00-06
- Internal shaft and steel rotor are hardened to better withstand torque and heat stress
- Internal shaft diameter has been increased to improve wear resistance and longevity
- Vane width increased to deliver increased output pressure
- Radius grooved reservoir design improves lubrication and reduces wear
- Original OE external design allows you to use existing power steering hose assembly
- 2 Year / 24,000 mile warranty
- Quality tested in the USA
- **This product is sold new, saving the hassle of returning the old part**
