

Quality Meets Innovation

Introducing Rein Automotive Coolant Hoses for Tesla Vehicles

As the demand for electric vehicles surges, CRP Automotive recognizes the need for premium replacement parts to support professional repair technicians with essential parts for servicing the latest innovative automotive technology.

Enter Rein Automotive's new line of OE-quality coolant hoses designed specifically for Tesla vehicles, the most widely sold EV brand in the industry. Our new line of 29 first-to-market hoses are sourced from trusted global partners, ensuring the highest quality and reliability. This line caters to popular Tesla applications, including Models 3, X, and Y from 2017 to 2023, and Model S from 2012 to 2021.

Whether you need heater hoses, radiator coolant hoses, or other hoses found throughout a technologically advanced Tesla vehicle, **Rein Automotive has you covered**. Rein coolant hoses are direct replacements for OE hoses and include all of the branches and components needed, ensuring a perfect fit and seamless installation.
