REIN UPGRADED WATER PUMP SERVICE KITS FOR BMW

Data available through Activant/Epicor, WHI, or ShowMeTheParts.com

Rein Automotive now offers two upgraded versions (CRP Part Nos. WPU0505 and WPU0507) of two of our popular water pump assembly kits (CRP Part Nos. WPS0505 and WPS0507). These new kits are **first-to-market** and feature several improvements to the existing kits. To increase durability and service life, the water pumps included in these kits have been upgraded with an **all aluminum** housing, versus the OE's plastic version. In addition to the water pump housing, the material on the included plug has also been upgraded to aluminum for increased durability. Steel mounting screws have been provided to ensure a problem-free installation.

FEATURES & BENEFITS:

- Better-than-OE, first-to-market water pump kits
- Kits include upgraded all aluminum housing water pump and bolts; thermostat assembly; head to thermostat hose w/ aluminum flange; WP to head pipe elbow; WP to thermostat hose; and additional required components depending on the application
- Improvement of pump housing material from PPS GF-40 plastic to Aluminum
- Improvement of plug material from PPS GF-40 plastic to Aluminum
- Includes steel mounting screws
- Design of new and improved pump by BMW OE supplier of the BMW N20, N26, N51, and N52 electric water pumps

CRP Part No. WPU0505

CRP Part No. WPU0507
