## REIN UPGRADED COOLANT PIPE FOR VOLKSWAGEN & AUDI

Data available through Activant/Epicor, WHI, or [ShowMeTheParts.com](http://ShowMeTheParts.com)

CRP Automotive now offers an upgraded Rein Automotive Coolant Pipe (CRP Part No. CHU0681) for 2008-2018 Volkswagen and Audi models with 4 Cyl. 2.0L engines. The OE version of this VW/Audi pipe features full plastic construction which is known to become brittle or crack at various points. The Rein pipe is constructed of steel to prevent premature failures and extend service life. It features heavy-gauge steel tubing with strong welds, providing high resistance against rust and corrosion. The Rein alternative is also designed to withstand heat, salt, road debris, oil and other contaminants.

### FEATURES & BENEFITS:

- Direct replacement for the OE pipe to ensure proper installation
- Upgraded quality (made with steel vs plastic)
- Comes with necessary clamps for easy installation

CRP Part No. CHU0681

| Rein Part No. | OE Part No. | Applications  | VIO US  | VIO CA  | Total VIO |
|---------------|-------------|---|---------|---------|-----------|
