REIN COOLANT HOSES FOR TESLA

Data available through [Activant/Epicor](#), [WHI](#), or [ShowMeTheParts.com](#)

As the Electric Vehicle (EV) market continues to grow in popularity and sales, CRP Automotive has expanded its Rein-branded hose offering to include coolant hoses specifically designed for these innovative vehicles. These components play a crucial role in maintaining optimal temperatures for batteries, motors, and high voltage power electronics, ensuring the vehicle operates efficiently.

Sourced from trusted global partners, Rein now offers **31 SKUs** for TESLA vehicles, the most widely sold EV brand in the market. These **first-to-market** hoses are similar in quality and design to many of the trusted coolant hose and coolant hose assemblies currently offered by the Rein brand.

FEATURES & BENEFITS:

- First-to-market OE-quality hoses and assemblies
- High-demand products that are difficult to source
- Direct replacement for OE hoses, includes components and branches
