YOUR SOLUTION FOR A COMPLETE REPAIR

HIGH-QUALITY NEW HPS PUMP KITS FOR IMPORT AND DOMESTIC VEHICLES

Get the job done right the first time, every time with AAE New Hydraulic Power Steering Pump Kits, brought to you by CRP Automotive.

Comprehensive Components for a Quality Repair:

Each AAE kit includes all the components required for a comprehensive and high-quality power steering pump replacement on a wide range of popular import and domestic vehicles. This all-inclusive package features a brand-new hydraulic power steering pump with a return pipe, remote reservoir, upgraded aluminum pulley, and sensor (when applicable).

Why Reservoir Replacement Matters:

Power steering reservoirs often contain an internal filter that is susceptible to clogging from debris. To safeguard against potential failures, we strongly recommend replacing the reservoir alongside the steering pump. This comprehensive approach ensures the longevity and reliability of your repair work.

Choose AAE power steering solutions for a complete, high-quality repair.

Part No. 5760NKTC
