

Water Pump Service Kits CRP Part No. WPS0521 & WPS0522

Applications:

Multiple applications for MINI N12, N14 N16, and N18 engines
For details, see showmethethparts.com/crp

Kits feature an upgraded water pump with metal impeller plus water pump gasket, coolant pipe, the latest thermostat (based on application), and all necessary hardware for a complete installation. Metal impeller resists degradation better than plastic alternatives. Replacing these critical components together ensures a complete and reliable repair when servicing a defective water pump.

Crankcase Breather Hose CRP Part No. ABV0330

Applications:

BMW M5 4.4L 2012-16; M6 4.4L 2012-14;
M6 Gran Coupe 4.4L 2014-19

First-to-market O-E quality right-position breather hose is designed to be a direct replacement for easy installation. Manufactured with high-quality materials, resistant to heat, salt, road debris, and other contaminants.

Breather Valve CRP Part No. ABH0347

Applications:

Porsche 911 3.8L 2005-08

Breather valve is identical to the OE and is designed to be a direct replacement for easy installation. Manufactured to strict engineering quality standards. Restores proper factory crankcase pressure.

New HPS Pump CRP Part No. 63406N

Applications:

Porsche 911 2001-05; 911 2007-11

Engineered to meet or exceed OE specifications. Sensor included and pre-installed. Highly recommended to replace steering fluid reservoir when installing a new pump, as clogged reservoirs can starve the replacement pump. Sold without core charge.

New HPS Pump CRP Part No. 63468N

Applications:

Ford F-250 Super Duty 2017-22;
F-350 Super Duty 2017-22

Engineered to meet or exceed OE specifications. Pulley included and pre-installed. 100% hydraulically tested. Sold without core charge. To ensure optimal lifespan and OE performance, flush and fill the steering system with OE-approved power steering fluid.

ECAT data may not be available for parts shown for 90 days after initial announcement.

New HPS Pump
CRP Part No. 63415N

Applications:

BMW X1 2012-15

Engineered to meet or exceed OE specifications in performance, fit, and function. Highly recommended to replace steering fluid reservoir when installing a new pump, as clogged reservoirs can starve the replacement pump. Sold without core charge.

New HPS Pump
CRP Part No. 7121N

Applications:

Dodge D250 1989-93; D350 1989-93;
Ram 2500 1994-96; Ram 3500 1994-96;
W250 1989-93; W350 1989-93

Engineered to meet or exceed OE specifications. 100% hydraulically tested. To ensure optimal lifespan and OE performance, flush and fill the steering system with OE-approved power steering fluid.

ECAT data may not be available for parts shown for 90 days after initial announcement.
