REIN UPGRADED COOLANT PIPE FOR AUDI/VW

Data available through Activant/Epicor, WHI, or ShowMeTheParts.com

CRP Automotive now offers an **upgraded Rein Coolant Pipe** (CRP Part No. CHU0753) for select 2009-2017 Audi and Volkswagen models. Many OE manufacturers have begun using plastic pipes, T-fittings, and quick connectors that are highly prone to failure. The OE variant of this Audi/VW pipe features full plastic construction, which is known to become brittle and crack at various points. The upgraded Rein pipe features **full aluminum construction**, eliminating these common failure points. The Rein version also includes the required O-ring seal.

FEATURES & BENEFITS:

- Direct replacement for the original equipment (OE) pipe
- Upgraded with full aluminum construction for superior durability and longer service life
- Includes O-ring for easy, problem-free installation

CRP Part No. CHU0753

| Rein Part No. | OE Part No. | Applications | VIO US | VIO CA | Total VIO |
